

TEAR NOTCH →

BACK

3" Wide x 3" Tall

Bleed Area: 1/16" past the Trim Area on all sides
Any elements that stop at the edge of the document must extend into the 'bleed area'.

Trim Area: Anything that you don't want trimmed off, needs to be 3/16" in from the edge on all sides.

Heat Seal Area: About 1/4" wide on either side. Color can extend into this area.

Cut Tolerance: About 1/16" wide on either side. We recommend this area remain clear of any artwork or the design must match from one side to the other.

FOLD

BOTTOM

1.5" Gusset

FOLD

- all images are **embedded**.
 - to either **turn off** or **delete** this template layer.
 - **NOT** to include crop/trim marks, just simply save the file to the size of this template.
- BEFORE SAVING THE FILE FOR PRINT, PLEASE ENSURE:**
- all elements of the design are in **CMYK**. (All Spot colors must be converted to Process)
 - all text has been **Converted to Outlines**. (For Illustrator files: Be sure all layers are visible and unlocked, then 'Select All', go to 'Type' and select 'Create Outlines')
