BACK
4.82" Wide x 5.25" Tall

Bleed Area: 1/16" past the Trim Area on all sides
Any elements that stop at the edge of the document must extend into the 'bleed area'.

Trim Area: Anything that you don't want trimmed off, needs to be 3/16" in from the edge on all sides.

Heat Seal Area: About 1/4" wide on either side. Color can extend into this area.

Cut Tolerance: About 1/16" wide on either side. We recommend this area remain clear of any artwork or the design must match from one side to the other.

BEFORE SAVING THE FILE FOR PRINT, PLEASE ENSURE:

- all elements of the design are in **CMYK**. (All Spot colors must be converted to Process)

- all text has been **Converted to Outlines.** (For Illustrator files: Be sure all layers are visible and unlocked, then 'Select All', go to 'Type' and select 'Create Outlines')

- all images are **embedded.**

- to either **turn off** or **delete** this template layer.

- to **NOT** include crop/trim marks, just simply save the file to the size of this template.
