Bleed

Any elements that stop at the edge of the document must extend into the 'bleed area', 1/16" past the Trim on all sides. To account for our tolerance, any color or graphics that stop at the fold, must extend 1/16" onto the bottom gusset.

Trim

Where the bag will be cut.

Safe Area

We recommend important text and graphics remain inside the green lines to avoid being trimmed or folded.

Fold

Where the bag will fold.

Heat Seal

Color variation can occur in heat seal areas.

Cut Tolerance

To account for our cut tolerance, we recommend the design match from one side of the bag to the other.
